1. We cover an “insured’s” "computer equipment", as defined in this endorsement, against direct physical loss.
2. We do not insure, however, for loss:
   a. Excluded under Section I – Exclusions.
   b. Caused by:
      (1) Freezing of a plumbing, heating, air conditioning or automatic fire protective sprinkler system or of a household appliance, or by discharge, leakage or overflow from within the system or appliance caused by freezing. This provision does not apply if you have used reasonable care to:
         (a) Maintain heat in the building; or
         (b) Shut off the water supply and drain all systems and appliances of water;
      However, if the building is protected by an automatic fire protective sprinkler system, you must use reasonable care to continue the water supply and maintain heat in the building for coverage to apply.
      For purposes of this provision, a plumbing system or household appliance does not include a sump, sump pump or related equipment or a roof drain, gutter, downspout or similar fixtures or equipment.
      (2) Theft in or to a dwelling under construction, until the dwelling is finished and occupied;

A dwelling being constructed is not considered vacant;
      (4) Dampness of atmosphere or extremes of temperature unless the direct cause of loss is:
         (a) Rain or snow; or
         (b) Sleet or hail;
      (5) Refinishing, renovating or repairing property;
      (6) Collision, other than collision with a land vehicle, sinking, swamping or stranding of watercraft of all types, including their:

      (7) Acts or decisions, including the failure to act or decide, of any:
         (a) Person or group; or

(e) Discharge, dispersal, seepage, migration, release or escape of pollutants unless the discharge, dispersal, seepage, migration, release or escape is itself caused by one or more of the Perils Insured Against that would apply under Coverage C of the Policy form if this endorsement were not attached to the Policy form.
