CIRCULAR LETTER TO ALL MEMBER COMPANIES

Re: Website Enhancements

In an effort to provide more efficient access to information, the North Carolina Rate Bureau (NCRB) is pleased to announce enhancements to the reference material on the NCRB website and integration of North Carolina's filed and approved classification codes, phraseologies, and statistical codes into NCCI's Class Look-Up application.

The Workers Compensation Endorsements & Policy Forms page of the NCRB website has been enhanced to include detailed instructions for each endorsement along with updated copyright dates for each state-specific form beginning with number WC 32 XX XX and WC 89 XX XX. There has not been any change to any endorsement numbers or endorsement content with this release.

Additionally, the North Carolina Rate Bureau partnered with NCCI to integrate the Bureau's approved classification codes, phraseologies, and statistical codes into NCCI's Class Code Look-Up application.

We hope this enhancement and integration allows for improved efficiency when utilizing North Carolina forms and class code information.

If you have any questions, please contact the NCRB Information Center at 919-582-1056 or via email at support@ncrb.org.

Sincerely,

Jarred Chappell
