CHANGES TO BE IMPLEMENTED OCTOBER 1, 2025

These changes are effective in accordance with the following Rule of Application:

The following changes are applicable to all new and renewal policies written to become effective on or after October 1, 2025. No policy effective prior to October 1, 2025 shall be endorsed or cancelled and rewritten to take advantage of or to avoid the application of these changes except at the request of the insured and at the customary short rate charges as of the date of such request, but in no event prior to October 1, 2025.

NOTICE REQUIREMENTS

Also be advised that G. S. 58-36-45 provides as follows:

"Whenever an insurer changes the coverage other than at the request of the insured or changes the premium rate, it shall give the insured written notice of such coverage change or premium rate change at least 15 days in advance of the effective date of such change or changes with a copy of such notice to the agent. This section shall apply to all policies and coverages subject to the provisions of this Article..."

In the past, some insurers have given notice of premium rate changes by providing to an insured and agent, at least 15 days in advance of the effective date, a renewal policy, renewal certificate, billing, or endorsement showing revised rates, together with a written notice substantially as follows:

NOTICE OF RATE CHANGE - NORTH CAROLINA

The premium for this policy reflects changes in rates applicable to North Carolina placed into effect under the provisions of Article 36, Chapter 58 of the North Carolina General Statutes.

The form of this notice has varied at the option of the insurer (printed notice, stamp, stick-on label, etc.). Companies should consult their own legal counsel with respect to the appropriateness of their procedures under this statute.

Reprinted Personal Auto Manual pages will be distributed, in the usual fashion, as soon as possible. In the interim, notice of the revised rates should be sent as soon as possible to your agents to make them aware of the new rates and rules.

Please note that there remain pending revisions to Rule 5. SDIP necessitated by S.L. 2023-133 and S.L. 2024-29. These forthcoming revisions include (1) revised language pertaining to the experience period and the surcharge period for certain convictions for which four or more SDIP points are assigned; (2) revised language on operation of the waiver provision for convictions of speeding 10 mph or less over the posted speed limit; and (3) revised language on operation of the waiver provision for prayers for judgment continued (PJC's). These revisions are dependent on further legislative action, which is anticipated soon. Note further that these remaining Rule 5. SDIP revisions are anticipated to become effective on July 1, 2025 and they will be distributed as soon as they are available.

Please see to it that this circular letter is brought to the attention of all interested personnel in your company.

4. CLASSIFICATIONS

The provisions of this rule apply separately to the premiums for Bodily Injury and Property Damage Liability, Medical Payments, Fire, Theft, Combined Additional Coverage, Comprehensive and Collision Coverages.

F. Inexperienced Operator

~~LIABILITY, MEDICAL PAYMENTS AND COLLISION~~

1. The appropriate Inexperienced Operator Surcharge shall be applied for each owner or resident operator of the auto who has less than three years driving experience as a licensed driver. However, for insureds receiving a drivers license for the first time on or after July 1, 2025, the appropriate Inexperienced Operator Surcharge shall be applied for each owner or resident operator of the auto who has less than eight years' driving experience as a licensed driver. ~~Such~~ The appropriate Inexperienced Operator sSurcharge applies regardless of whether the owner or resident operator is a licensed driver; however, such surcharge does not apply to one who holds a learner's permit.

Note: The relevant experience is "driving experience as a licensed driver". An owner or resident operator does not accumulate any driving experience as a licensed driver while that person does not have a driver's license or while that person holds a learner's permit.

- a. The insurer shall obtain a verifiable motor vehicle record on each owner or resident operator from the Division of Motor Vehicles or from the governmental entity responsible for maintaining drivers' license records and shall determine the number of years of driving experience as a licensed driver for each owner or resident operator of the auto from such motor vehicle records to the extent possible.
- b. If a verifiable motor vehicle record obtained by the insurer does not show conclusively the number of years of driving experience for each owner or resident operator of the auto, the insurer may determine the number of years of driving experience as a licensed driver based upon information provided by the applicant.
- c. If a verifiable motor vehicle record cannot be obtained from the Division of Motor Vehicles or from the governmental entity responsible for maintaining drivers' license records, then the owner or resident operator shall be rated as inexperienced.

Exception: If the insurer is unable to obtain a verifiable motor vehicle record because such records are no longer available and the owner or resident operator has a drivers' license that continues to be valid by virtue of a military extension, then the insurer may determine the number of years of driving experience as a licensed driver based upon information provided by the applicant.

Insurers shall maintain in their files ~~for at least three years from the inception of the policy~~ the information upon which the number of years driving experience was determined.

Only driving experience in the United States of America, Canada or Puerto Rico may be used to determine the number of years of driving experience as a licensed driver.

The appropriate Inexperienced Operator sSurcharge shall not be applied for more than three years for drivers licensed for the first time prior to July 1, 2025; however, for drivers licensed for the first time on or after July 1, 2025, such surcharge shall not be applied for more than eight years ~~regardless of policy term or effective date.~~
