Telecommunications, Burglar and Fire Alarm & Electronics Installation, Service & Repair

The following class codes are discontinued and their exposure has been assigned to **Class Code 7600: Telephone or Telegraph Co.: All Other Employees & Drivers.**

- **Class Code 7601:** *Telephone, Telegraph or Fire Alarm Line Construction & Drivers*
- **Class Code 7611:** *Telephone or Cable TV Line Installation-Contractors, Underground & Drivers*
- **Class Code 7612:** *Telephone or Cable TV Line Installation-Contractors, Overhead & Drivers*
- **Class Code 7613:** *Telephone or Cable TV Line Installation-Contractors, Service Lines and Connections & Drivers*

Telecommunications, Burglar and Fire Alarm & Electronics Installation, Service & Repair

- **Class Code 7600:** Phraseology revised to:
*Telecommunications Co.-Cable TV, or Satellite-
All Other Employees & Drivers.*
- **Class Code 8901:** Phraseology revised to:
*Telecommunications Co.-Office or Exchange
Employees & Clerical.*

Telecommunications, Burglar and Fire Alarm & Electronics Installation, Service & Repair

- Class Code 7600: 3-year Transition Period
 - The transition to Class Code 7600 will take place over a three year period. The “transition period” is the time in which we move from one class code to another. The “transition period” allows for the collection of data over the first two years of the “transition period”. This data will be used to determine the rate that will be applicable in the third year when the “new” code becomes active.

Important: It is the final year of the transition period the new code is used, not the first year.

Telecommunications, Burglar and Fire Alarm & Electronics Installation, Service & Repair

- **Class Code 7605** no longer includes intercommunications system installation or repair. This exposure is included in Class Code 9516.
- **Class Code 9516:** *Radio, Television, Video and Audio Equipment Installation, Service or Repair & Drivers, includes intercommunications system installation or repair.*
- **Class Code 7605** phraseology revised to: *Burglar and Fire Alarm Installation or Repair & Drivers.*

Carpentry

- **Class Code 5651:** *Carpentry-Dwellings-Three Stories or Less*, is discontinued.
- **Class Code 5645:** *Carpentry: Detached One or Two Family Dwellings*, encompasses the exposure previously included in 5651.

Carpentry

- **Class Code 5403:** *Carpentry-NOC*, has been revised to apply to the construction of mixed-use buildings and multi-unit residential buildings exceeding three stories in height.
- **Class Code 5551:** *Roofing-All Kinds & Drivers*, has been revised to further clarify that it is assigned to all types of roofs-new and existing, regardless of hot or cold process.

Carpentry/Door, Window Installation

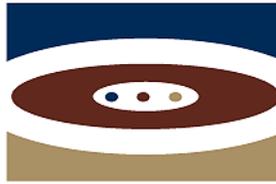

- **Class Code 5102:** *Door and Window Installation-All Types-Residential and Commercial*, has been revised to include all types of interior and exterior doors and windows-commercial and residential.
 - Class Code 5102 is a specialty class code for the installation of doors and windows exclusively.
 - Interior door installation performed by a interior trim carpenter is included under Class Code 5437.

Punch-Out Employees

- **Class Code 5610:** *Cleaner-Debris Removal*, has been revised to clarify the assignment of punch-out employees and cleaning service contractors that provide cleanup crews to prepare a location for its intended use.
