
**MARITIME COVERAGE ENDORSEMENT
INSTRUCTION SHEET**

1. This endorsement is used to provide maritime coverage under Program I or II, as described in the ***North Carolina Basic Manual for Workers Compensation and Employers Liability***, in which the employer has maritime exposure and no Protection and Indemnity policy, or has a Protection and Indemnity policy that does not cover all its operations.
2. Item 1 of the Schedule is to be used to describe the maritime operations that are to be insured by this endorsement. The description may include limitations by size, ownership or name of vessel and limitations by names of waterways to be used by the vessels.
3. Item 2 of this endorsement is used to show a premium charge or other appropriate entry, providing coverage for transportation, wages, maintenance, and cure. The premium charge for exposure will be determined by the carrier from its evaluation of the exposure by the risk.
